This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

Whereas the credentials upon which Noble A. Hull claims a seat in the Forty-sixth Congres from the second congressional district of the State of Florida have been annulled and made void by the judgment of the supreme court of that State; and
Whereas, in pursuance and in compliance with such judgment and with the laws of said State, the State board of canvassers of Florida have determined, declared, and certified that Horatio Bisbee, jr., is duly elected a Representative to the Forty-sixth Congress of the United States of America from the second congressional district of the State of Florida: Therefore,
Resolved, that Horatio Bisbee, jr., is entitled to be sworn in as a member of this House on his *prima facie* case. Offered as a substitute for the resolution of Mr. Harris, of Virginia, and postponed 6
Whereas the necessity of this special session of the Forty-sixth Congress has been occasioned by the failure of the last Congress to make appropriations for the support of the Army and for the legislative, executive, and judicial expenses of the Government for the next fiscal year; and
Whereas the business of the country and the welfare of the people demand "rest and peace" from legislation: Therefore it is
Resolved by the House of Representatives, that the Committee on Rules be instructed to report forthwith a rule providing that no bills or joint resolutions excepting those for the aforesaid purposes shall be reported at this special session from any committee or considered by this House. Objection made 73
